Design
2018

CLIENT PROJECTS

VIRTUAL CITIES LTD

Virtual Winchester – Medieval Period (1400) | Feb 2026 – Jun 2026

Developed HBIM-based reconstructions of Winchester Castle’s medieval buildings and interiors, using historical evidence, typological analysis, and architectural interpretation to support heritage visualisation and reconstruction workflows.

ØISETH HOTELL AS

Øiseth Hotell Renovation Proposal | Oct 2025 – Jan 2026

Developed a client-led architectural visualisation proposal for the hotel exterior and reception area, using 3D modelling, material research, and staged visual outputs to support renovation decision-making.

CEDI

Virtual Winchester – Jane Austen Period & Medieval Period
(1400) | Oct 2024 – Jan 2025

Produced a detailed 3D reconstruction of Winchester Castle using historical research and reference material to achieve visual and architectural accuracy.

RA RA GAMES

Tomebound Project | Sep 2023 – May 2024

Created stylised 3D game assets and character costume designs for Tomebound, contributing concept development, modelling, sculpting, and texturing within the project’s established art direction.

PRIVATE CLIENT

One-Story House Visualisation | May 2023 – Aug 2023

Developed interior design concepts and visualisations for a 91 sqm new-build home, creating functional and aesthetically cohesive living spaces tailored to the client’s requirements.

PERSONAL PROJECT

Ata’ampuurum School Renovation Initiative | Feb 2023 – Apr 2023

Produced a social media video highlighting the condition of Ata’ampuurum School in Ghana and developed a conceptual 3D renovation model exploring sustainable improvements through the reuse of local materials.

EXPERIENCE

Hospitality Experience

Built transferable professional skills in teamwork, leadership, client service, organisation, and working under pressure through several years in the hospitality industry.

THE WATERMANS ARMS - LONDON, UK | Chef

March 2021 - August 2021

MY THAI RESTAURANT - BRADFORD, UK | Head Chef

Sep 2017 - Mar 2020
